

New Zealand Certificate in Medical Transcription and Editing (Level 4)

Required Books, Resources and Course Related Costs 2025

Please read the following carefully before ordering your books and equipment:

- A list of books, software and equipment that are **REQUIRED** for you to complete your course work is on the next page.
- The total cost of the required books and software varies depending on the supplier and the exchange rate at the time of purchase.
- Up to \$1,000 can be borrowed towards this through the Course Related Costs portion of your student loan. Attach this list, together with a copy of the order for any items purchased from online suppliers (to verify the costs) to the Course Related Costs Form when you return it to StudyLink.
- **We recommend that you order your books as soon as your acceptance to the course has been confirmed to be sure of having the books prior to the course start date.**
- Please ensure that you purchase the US version of The Language of Medicine, not the NZ/Australia version.
- ***Students will need to ensure that they have the items listed prior to the course start date to avoid getting behind with the course work.***
- You may be able to source some items from local book suppliers or from the online addresses listed.
- You will also need to allow for postage & packaging on orders as well as up to 4 – 6 weeks for delivery, especially if ordering from overseas.
- It is the student's responsibility to check with NZ Customs about any duty that may be payable on books brought in from overseas, prior to ordering online.
- Many of the books required are now available as ebooks from suppliers online. You can choose to purchase either hard copy books or ebooks. (there will be no wait for delivery with ebooks)
- The industry standard for Medical Transcription is to use a Windows Computer/Laptop. The software required to complete this course is not compatible with a Mac. Students must have access to a Windows Computer/laptop and Internet connection.
- We recommend purchasing your Foot Pedal from a New Zealand retailer such as <https://www.soundbusiness.co.nz/winscribe-accessories#!/PHILIPS-ACC2320-00-USB-FOOT-CONTROL/p/93968692/category=24564426>

There are many suppliers of text books; here are a few to try.

- Bennett's Books or Medical books, 8 Park Ave, Grafton, Auckland Ph (09) 373 3772
- Medical Books in Auckland stock a number of texts or can order in for you. Orders can be placed by phone or fax and they also have a website www.medical-books.co.nz.
- <http://www.alibris.com>
- www.amazon.com
- www.us.elsevierhealth.com
- New and second-hand books are also often listed on TradeMe.
